Dear Vickie and Jimmy,

We received the tape last week  
and always enjoy listening to the  
things you do and the delicious food  
you eat. This too bad you missed  
out on getting to see Jimmy, but  
it will be fun going along with  
Vickie.

It sounds as the Sandi will  
also be visiting you in London.  
She is very excited about it and  
plans to fly stand-by.

The deal on the cabin is scheduled  
to become final this week and I  
will go to Exxonclaw when Jack  
calls to sign the final papers. Jack  
sent home with Dad the copies for  
Aunt Stella to sign as she left this  
morning for the week in Reno with  
Harold and two other couples.

Wednesday Dad and Harold and  
I went up to the cabin in our  
station wagon and took out the  
things we wanted so it looks

very grim up there. I wouldn't want to be paying 20 thousand for it.

I like the game you sent Deine for Christmas and I keep it here as we play it when Deine is over. She stays over night on Fridays and this week Mary is busy every day except Tuesday so I am going to get a permanent there.

I like studying the map of London you sent. I am glad you checked where your flat and office are. It is hard to believe I will be there in one month. I hope it won't be too hectic for you with Sandi and Dick there, but I will help all I can, and they are very excited about seeing you.

A cat has adopted our front porch so dad is going to take it ~~to~~ to the humane shelter in the morning.

Love,

Mom
